Address http://216.73.191.204/soar/search.asp?r=59469043607d4c6f

Logon Settings Files Favorites

### Patient Files

To find Patient Files, enter one or more values below and click on the 'Get Files' button.

Patient Name  (Last or first name)

Physician  select -

Procedure Date  [m - v] [d - v] [y - v] (Month, year and/or day)

Unique Identifier  (Record Number/SSN/etc)

Keywords

Search Deleted ☐ (check to look for deleted patient files only)

**TIP:** You can enter partial values, e.g. entering "P" in the patient name will bring up all patient files that have the letter "P" in the first name or last name.
